## Factory Authorized Spares & Repairs

CASE RMC, LLC specializes in making sure you are able to operate at peak efficiency. We understand an under or non performing unit is wasting your valuable time and money.

CASE RMC, LLC can help you repair improperly functioning system components back to their original OEM specifications and make sure you are equipped with the spare part back up capacity you need.

No matter the vintage, if your hardware says "Woodward" our team has the experience, capability, and technical resources to directly work with you, evaluate your situation, and recommend a potential course of action. We pride ourselves on providing quality products, solutions, and directly improving your bottom line.

# Experience you can build on since 1981

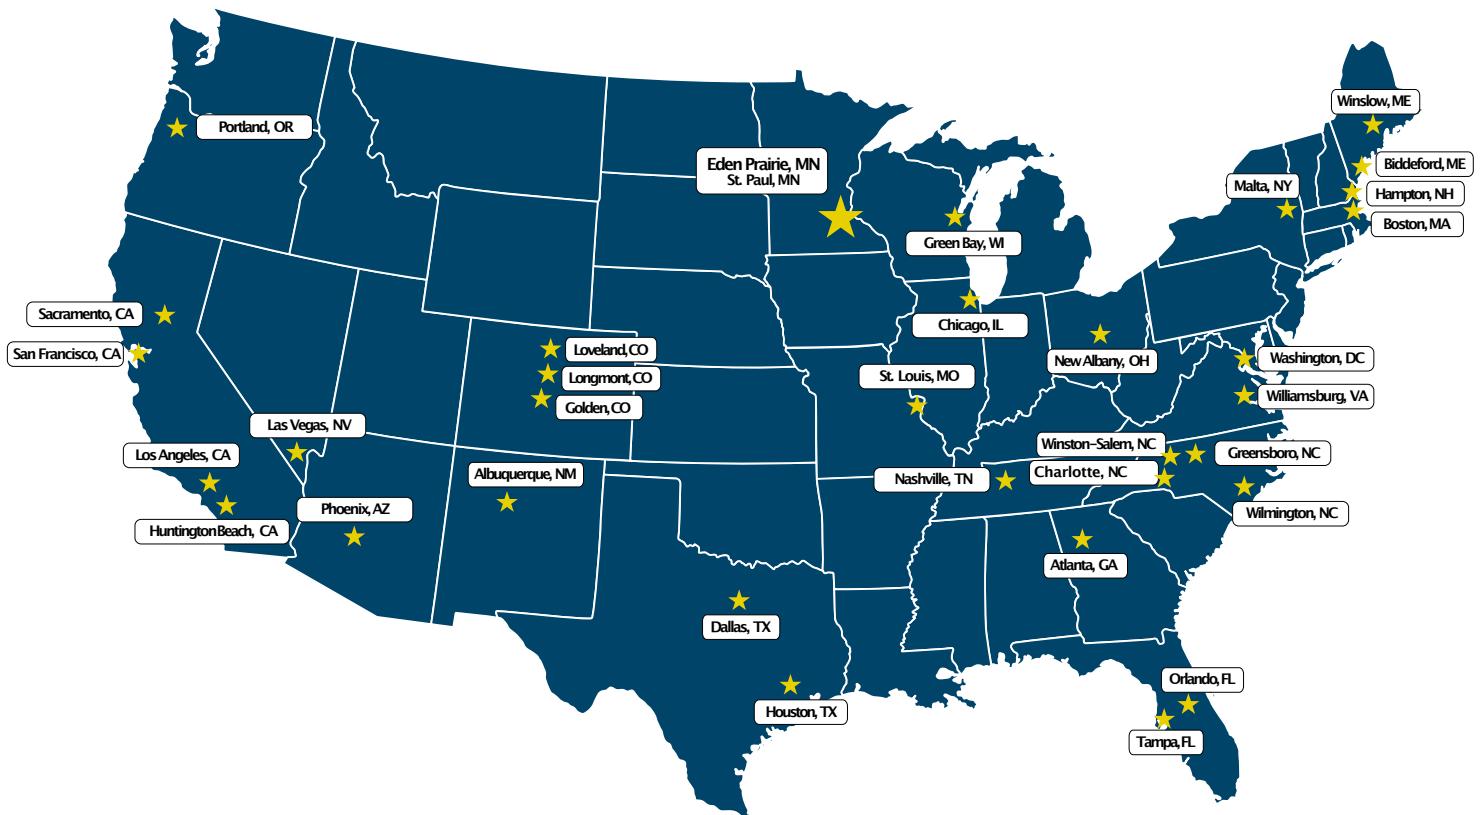

**CASE RMC** with **Wunderlich-Malec** offers clients complete control solutions for most power generation and industrial plants with turbines and compressors. By managing a more comprehensive project scope, clients are freed from coordinating multiple vendors.

As an experienced engineering company with offices throughout the United States, we are uniquely qualified to *deliver value engineering services that lower costs, improve quality and accelerate project schedules.*

With over 450 experienced professionals, our team is one of the largest and most well-established engineering, system integration and process automation providers in North America;

- Architect Design
- Mechanical Design
- Power Electrical Design
- Controls and Automation
- Environmental Compliance
- Real-time Documentation
- System Integration
- Mechanical Fabrication
- Process Skids
- Power Distribution Control
- Modular Control Enclosures
- Plug & Play Construction
