Plan, Design & Build Architecture, Civil & Structural Engineering

**Our Team Is YOUR Team, Building Lasting
Relationships One Project At A Time**

Employee Owned. Customer Focused.

***Architecture, Civil &
Structural Engineering***

Project Success Is Achieved With Our Integrated Architectural & Design Experts Collaborating With YOUR TEAM, Creating YOUR Unique Facility

Wunderlich-Malec delivers practical, innovative engineering solutions tailored to your unique project needs. Our dedicated teams work closely with you from planning to construction, representing your interests at every stage to ensure results that align with your specific requirements, timeline, and budget.

Ranked among the Top 200 engineering firms by Engineering News-Record, and powered by more than 500 skilled professionals, we support leading companies—including those in the Fortune 500. Our deep technical expertise and financial strength ensure your expectations are not just met but exceeded.

Experienced Design Professionals For Diverse Challenges

Wunderlich-Malec's team brings real world industry and practical knowledge to your unique challenges. We deliver innovative and sustainable design solutions while focusing on budget and schedule constraints. Whether your project is modernizing or expanding an existing facility or starting from scratch, we will focus on understanding your needs and expectations. Our team will deliver creative designs that are functional, practical and appealing. Leveraging the latest tools, the WM Team uses proven processes to identify and minimize risk while delivering successful projects on-time and in-budget.

Collaboration Creates Innovative Customized Solutions

We believe in the importance of working together to find creative solutions that work for you now, and in the future. Our most advanced software tools, construction technologies, modeling and investments in training provide our professionals the resources to lower costs, create quality designs and accelerate schedules.

CAPABILITIES

- ***Feasibility & Sustainability Studies***
- ***Life Safety & Accessibility Analysis***
- ***Site Planning & Design***
- ***Permitting***
- ***Scheduling & Estimating***
- ***Construction & Specification Documents***
- ***Bidding & Contract Administration***
- ***Onsite Inspections Or Turnkey Design-Build***

Our Commitment To Deliver Excellence

Our TEAM is YOUR TEAM dedicated to YOUR PROJECT'S SUCCESS with OUR KEY PILLARS

Our Pledge: collaboration, operational excellence, and respect

Our Process: proven methods, innovation and project management

Our People: valued experts, motivated and empowered to deliver success.

Architecture, Civil & Structural Engineering

The Wunderlich-Malec Team Will Solve Your Most Challenging Facility Construction Problems

Wunderlich-Malec's fully integrated architectural and engineering design services specialize in projects with unique requirements. We have collaborated and successfully completed projects for government, educational, commercial and industrial customers.

Architectural Innovative Designs Built For Purpose & Pride

Our architectural experience specializes in designing complete, functional spaces that meet the rigorous demands of our clients. Our proven expertise delivers precision, compliance, and innovation. Partner with us to transform your project into an element of purpose and pride.

Civil Engineering Provides Long Lasting Safe Functionality

The Wunderlich-Malec Civil team will take your project from conception to completion. We offer a full line of services from FEED studies to complete Turnkey construction projects. We deliver long lasting and low life cycle cost civil infrastructures that stand the test of time.

OUR WORK

- ***Federal & Government***
 - ***Offices, Barracks & Living Quarters***
 - ***Historic Preservation & Cultural Structures***
- ***Industrial***
 - ***Manufacturing***
 - ***Warehouses & Cold Storage***
- ***Commercial***
 - ***New Construction***
 - ***Renovation & Interiors***

Structural Engineering Ensures Safety, Efficiency & Compliance

Our Structural Team has delivered customized solutions from historical to government and industrial construction projects. With our In-depth structural analysis we blend strength, stability and sustainability in our innovative designs. We deliver both wood and steel projects that meet the highest standards of safety, efficiency and compliance.

Building Lasting Relationships One Project At A Time

We believe in the importance of working in collaboration with your team to find creative solutions that work for you now and in the future. Our tech-savvy creative leaders and team represent the client thru a projects lifecycle and deliver results that meet your expectations.
